

# Infrastructure Liaison Officer (ILO) Basic Training

Instructed by [Hal Kempfer](#)

ILO is an 8-hour course designed to provide critical knowledge and skills in early recognition and awareness tied to the prevention of terrorist threats. This is about enabling the detection of pre-incident indicators and enhancing suspicious activity reporting. ILO is a foundational program within InfraGard going back almost a decade, showing completion of substantial training tied to defeating the threats we all face.

The content of ILO has been recently synchronized to mirror what is taught in TREW (Terrorism Recognition for Early Warning) and TRAPP (Terrorism Recognition, Awareness and Prevention Partnership), which is expanded by use of a “Red Team” learning event, and both fusion center program and critical infrastructure protection program modules.

Upon completion of this course, you receive a Certificate of Completion, an ILO Coffee Mug, and ILO lapel pin.

**DATE:** June 15, 2017

**TIME:** 8:00 am – 4:30 pm. Registration and refreshments: 7:30 am

**LOCATION:** Long Beach, CA
